TIDE JEWELLERY

Beautiful natural Paua shell

FROM
TIDE JEWELLERY®
2024

Dear Customer,

Welcome to our 2024 catalogue.

Talbot Fashions is working to support the retail industry with great products, affordable prices, genuine customer service and stock available for immediate delivery.

Our Paua shell is sustainably sourced, under licence, from the New Zealand government's Fisheries Department. It is never free fished or dredged and is a by-product of the food chain. The shell is often referred to as 'Sea Opal' due to its stunning greens, blues and fiery flashes, with iridescent colours that change as they catch the light. Ancient Māoris called it 'The Gift of the God of the Sea'.

Our Tide, Wish & Fashion ranges are all tested and compliant with the relevant REACH Regulations so you can sell with complete confidence.

All stock is held in the UK, available for fast despatch.

Our striking in-house designs are often copied but never bettered!

Visit our website for new lines, stock availability and placing orders or phone us at any time.

We have over 40 years of experience in the jewellery industry. We specialise in sustainably sourced New Zealand Paua shell jewellery.

Our Tide Jewellery collection has over 700 lines to choose from and is both versatile and timeless. We include a broad range of designs to suit all tastes and occasions with a real emphasis on quality. Many of these designs are created by us, so look out for the Tide colour union flag, this represents our own design, only available from Tide Jewellery.

TIDE JEWELLERY is about presenting our Paua shell jewellery lines in stylish boxes that look striking on display and make a great gift line suitable for all types of retailers.

As well as being the best value Paua shell brand, TIDE JEWELLERY is also the largest range of boxed Paua shell jewellery in the UK and includes many designs in different colours of Paua shell.

Easy guide to using this catalogue

- Chains - All pendants are supplied on a chain. Chain may vary.
- All boxed items available in singles.
- Prices are shown in code so you can show the catalogue to customers (also listed in the index).
- £ sign becomes 9, decimal point removed. E.g. 9255 = £2.55
- All dimensions are approximate, measured in mm across longest/widest extent (excludes bale).
- Rev = The reverse side is also faced with Paua shell.

Material composition

The natural swirls of the New Zealand Abalone Paua shell create individual patterns, making each piece of jewellery unique.

- Our Paua shell is sustainably sourced.
- The base metal is zinc alloy with rhodium plating.
- The base metal for the fish hook is brass with rhodium alloy plating.
- The base metal for the chain is brass or iron with rhodium alloy plating or they are stainless steel.
- The metal used for the earring post is stainless steel.
- Rhodium alloy plating is hard wearing and hypo allergenic.
- All our products are nickel, cadmium & lead compliant.

Signature Sea Green Textured Gift Boxes

Our Tide Jewellery range is presented in the signature sea green, quality, textured, gift boxes, printed in silver with the trademark Tide Jewellery logo. Each unique item of jewellery is placed on a soft, white velour pad for protection and display purposes. The velour pad includes an easel backing so it can be displayed standing up. The included easel gives more scope for creative displays, allowing you to display out of the box, which can be useful when space is limited. Box lids and bases can be recycled.

The pad is reversible for longer earrings or studs.

Care & Information Leaflet

Included with each item of boxed Tide Jewellery, is a compact, folded care and information leaflet. This will inform your customers of the very best way to care for their purchase. The leaflet also includes a brief insight into the composition of the jewellery and importantly the origin of the beautifully unique and natural Paua shell.

Gift Bags

As an optional extra, we offer a card gift bag with soft rope handles and a wide satin ribbon tie, adding a little extra luxury for a small additional cost.

A5 Point Of Sale

We can also provide an A5 Perspex stand containing a double sided point of sale poster. The poster gives a brief insight into the New Zealand Paua shell, its perceived properties, and its importance to the native Māori culture.

Please ask if you would like this, or you can download the poster from our website.

Countertop Display Stand

If you would like to give some height to your Tide Jewellery display or if space is limited, a countertop display may be the answer. We offer a three tiered, sloped Perspex stand. This will accommodate nine necklace or set boxes or a combination of nine necklace and earring/brooch boxes.

Polished Shell

We also offer these beautiful polished Paua shells. Every shell is naturally unique in its colour, size & pattern. Incorporating these natural shells into your Tide Jewellery display creates interest, and provides a captivating backstory for your customer's unique piece of jewellery.

The shape of the dream catcher is a circle because it represents the circle of life and how forces like the sun and moon travel each day and night across the sky. The dream catcher web catches the bad dreams during the night and disposes of them when the day comes.

Tide Jewellery Factory Process

1. Hand finishing moulds for casting the metal part of the jewellery.

2. Opening the mould after casting.

3. Detaching the individual metal pieces after casting.

4. Polishing off any rough pieces left by the moulding process.

5. The metal parts are then polished.

6. Our dragonfly pieces ready for plating

7. Sheets of Paua shell ready to cut for each piece of jewellery

8. Laser cutting the shell sheets

9. Making sure each piece of laser cut shell fits exactly into the metal part

10. Soaking the sheets of Paua shell for hand punching - This is to prevent the shell from cracking

11. Hand punching the shell pieces that are too small to be laser cut.

12. The cut shell pieces are then laid out.

13. They receive a protective layer of epoxy to keep your piece of shell looking like it has just been removed from the sea.

14. After plating, the stones and cut shell pieces are glued into place.

15. Ear wires, bales and chains are then added to finish your beautiful piece of jewellery.

WISH for the perfect gift

WISH jewellery is our branded & diverse fashion collection, supplied in our bespoke gift boxes.

Collections encompass pendants, bracelets & earrings in various materials, glass, stainless steel, encapsulated dried flowers, enamel & faceted glass. Themes include birds, cats & dogs, celestial, chakras, angels, woodland, flowers, and many more.

Primarily supplied on an 18" trace chain (these may vary on some designs).

All products are nickel, cadmium & lead compliant.

Examples of boxes we use in the Wish jewellery range. Inserts are black or white, we will use the colour that compliments the piece of jewellery supplied.

Small box
L: 70 W: 51 D: 18mm

Large box
L: 90 W: 90 D: 18mm

Medium box
L: 95 W: 63 D: 18mm

- All boxed items available in singles.
- Prices are shown in code, so you can show the catalogue to customers (also listed in the index).
- £ sign becomes 9, decimal point removed.
e.g. 9225 = £2.55
- All dimensions are approximate, measured in mm across longest or widest extent (excludes bale).
